About the Materials

THE DVDS

The basic training materials for this program are six DVDs. DVDs 1–5 each contain two presentations. The first presentation on the first DVD introduces the concept of proactive and preventive classroom management, explains the underlying beliefs of the CHAMPS approach, and previews the content of the remaining sessions. Handouts for the Introduction session are found on pp. 8–13 of this *Facilitator's Guide*. The rest of the training sessions correspond to chapters in the *CHAMPS* book and use materials from the book.

Ten Inservice Sessions

Introduction to *CHAMPS: A Proactive & Positive Approach to Classroom Management* (2nd ed.)

Chapter 1 • Vision: Develop a Clear Vision for Your Class

Chapter 2 • Organization: Create Consistent Organizational Patterns

Chapter 3 • Management Plan: Construct a Classroom Management and Discipline Plan

Chapter 4 • Expectations: Generate Clear Expectations

Chapter 5 • Launch: Launch Your Management Plan in the First Month of School

Chapter 6 • Observe: Use Data to Monitor and Adjust Your Management Plan

Chapter 7 • Motivation: Increase Student Motivation

Chapter 8 • Classwide Motivation: Consider Implementing a Classwide Motivation System

Chapter 9 • Correcting: Correcting Severe and Chronic Misbehavior

Each presentation runs from 45 minutes to an hour. All presentations are conducted by Dr. Randy Sprick, who describes and models effective behavior and classroom management strategies. His clear, fast-paced, and engaging style makes the presentations interesting as well as informative. Interspersed throughout Dr. Sprick's presentations are video clips of classroom vignettes (shot at an actual school) in which teachers demonstrate many of the concepts and strategies described. These Modeling Scenarios are also included separately on DVD 6 for those who would like to use them in a different context. DVD 6 also contains Word versions of the reproducible forms found in this Facilitator's Manual so you can customize their content. To access the Word documents, insert DVD 6 into the DVD drive on your computer. Rather than use the menus that appear, double-click on the DVD icon that appears on your Desktop. Then double-click the folder called Facilitator Guide Forms and select the document you wish to open.

THE *CHAMPS* BOOK

The *CHAMPS DVD Inservice Series* comes with two copies of the book *CHAMPS: A Proactive & Positive Approach to Classroom Management* (2nd ed.) for use by the trainers conducting the inservice. Designate these two books as "facilitator copies" and keep them with the DVD package.

For best results, we recommend that every participant in the training have a copy of the *CHAMPS* book in order to access additional information about the concepts presented on the DVDs. The book and accompanying CD also contain the forms used for each training session's Self-Assessment and Peer Discussion activities. These activities complement the DVD presentations and are an essential element of each training session. To order, contact Pacific Northwest Publishing at 1-866-542-1490.

ADDITIONAL MATERIALS

The Self-Assessment Checklists and Peer Discussion Worksheets in the *CHAMPS* book are geared toward individuals who work in a school setting. When a class includes students who are not actively engaged in a classroom setting, you may need to devise alternate assignments. Such participants may wish to find classrooms where they can observe practices related to inservice topics. Another option is to have these participants read original research articles on relevant topics. The References section of the *CHAMPS* book (pp. 479–496) can serve as a source list for research articles.

CHAMPS

Appendix: DVD Clip Times

The times (in minutes) below are provided to help you plan your training sessions. Material on the DVDs should be combined with class and group discussions for a total session time of 3 hours.

DVD 1
